

Dear residents!

Your safety and health and that of our employees are very important to us!
For this reason following safety measures apply in our three dormitories:

Stay and night's rest

In the common areas (kitchens), residents are allowed to stay until 10 pm.
The general night's rest is from 10 pm to 8 am. Please stick to it!

Keep your distance

Keep at least 1m, better 2m or more distance between yourself and other people.

Wear mouth and nose protection

Please wear a mask or cover your mouth and nose in public areas and in our office.

Only 1 person in the elevator

Only 1 person may be in the elevator. When waiting for the lift, please keep a distance of at least 1m, better 2m or more from other people.

Pay attention to good hand hygiene

Wash your hands thoroughly and frequently (wrists, spaces between fingers, nail bed).

Dispensers with hand disinfectants are available in the entrance areas and toilet facilities.

If you suspect you may be infected and show symptoms,
call health number **1450**.

Until the official order of quarantine or until a test result is obtained,
self-isolation and minimization of social contacts are strongly recommended.

In sense of the dorm communities, please pay attention to the rules and keep them in mind!
